WELCOME TO DECAGON SCAFFOLDING

With over 17 years of joint experience, Decagon Scaffolding & Engineering are striving to set new standards of excellence in the field of construction. Our projects range from small residential developments to large industrial contracts, and we supply, erect, maintain and dismantle scaffolding across United Arab Emirates, all to the same exacting standards of safety and professionalism.

Over recent years, we have developed rapidly with the help of a growing team of experienced professionals. We are always looking to offer best value for our clients, and thanks to our expert and fully certificated scaffolders, we are constantly expanding our contract portfolio.

OUR FOUNDER MESSAGE

I look forward to meet bigger challenges for achieving greater heights in all round success for the stakeholders while significantly contributing to our Corporate Social responsibilities.

we take the opportunity to sincerely thank all our valuable customers, business partners, vendors highly motivated staff members and all round Government and administrative support being extended for our seamless operations.

www.decagonscaffolding.ae

Engineering & Designing

Our design and engineering team have used their more than decade of experience to develop and ensure every project is completed with the best possible opportunity for an excellent outcome.

Erection & Dismantling

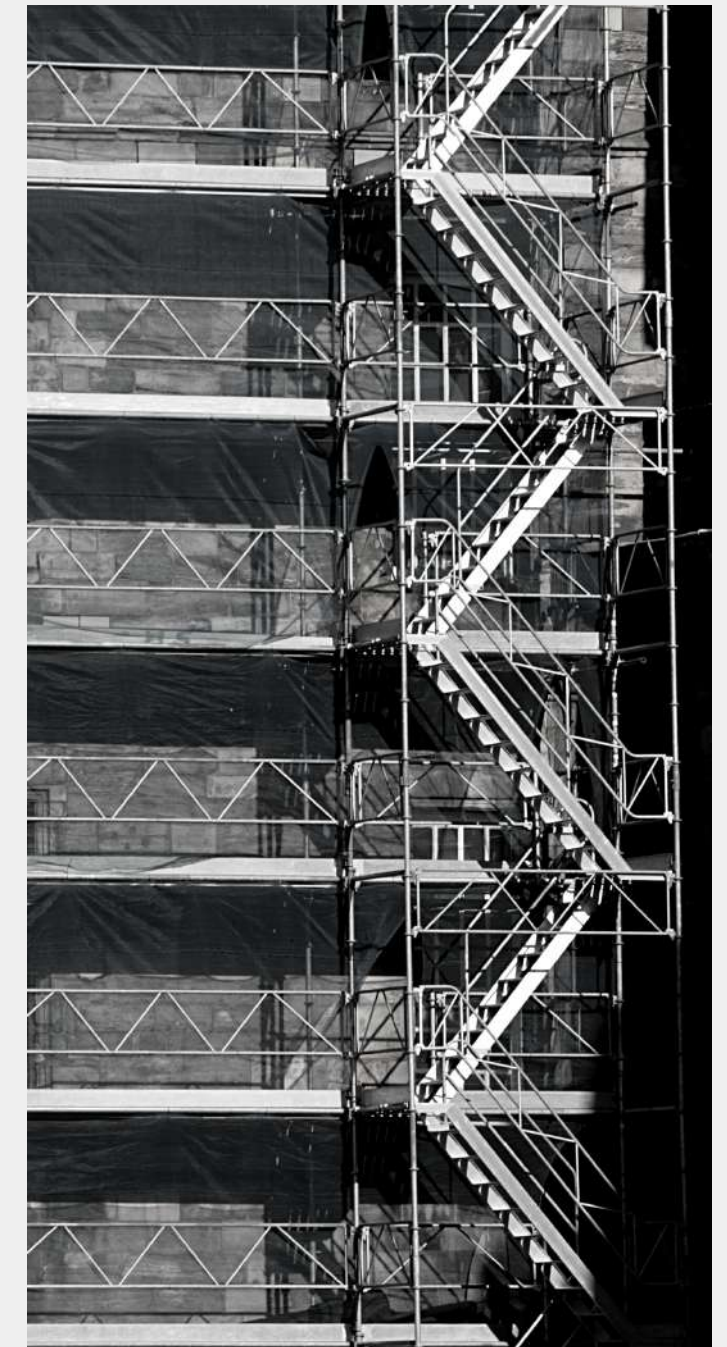

Our Scaffolders are highly experienced, competent and certified. Once a design is fixed, we arrange the required supply to your site for carrying out the erection of the scaffold, we promise you a professional and safe service with good turnaround time and try to be as adaptable as possible with ever-changing demands and needs from our clients. We are the most trusted scaffolding contractors in Dubai.

Rental

We provide the best possible scaffolding rental services with the utmost quality, reliability, proficiency, and reasonable prices. Decagon invests heavily in its scaffolding equipment; each component is rigorously sourced to ensure that it meets the safety and quality requirements. That's why we have become the best Scaffolding Rental in UAE.

Contract & rental services

- 01** Ring Lock System
- 02** Cup lock System
- 03** Tubular System
- 04** Light Weight Access Scaffolding
- 05** Light & Heavy Duty Mobile Towers
- 06** Aluminum Mobile Towers

RING LOCK SYSTEM

TIGER RING LOCK & LAYHER SYSTEM (GERMAN)

Decagon Scaffolding is one of the biggest stockiest of Layher Scaffolding Systems (Germany) in UAE, We offer unbeatable adaptability, flexible scaffolding solutions that meets Global approved standards; for industrial facilities, chemical plants, power stations, refineries, construction sites and factories as well as shipyards, airfields, theaters, arenas, highway and bridge construction sites.

CUP LOCK SYSTEM

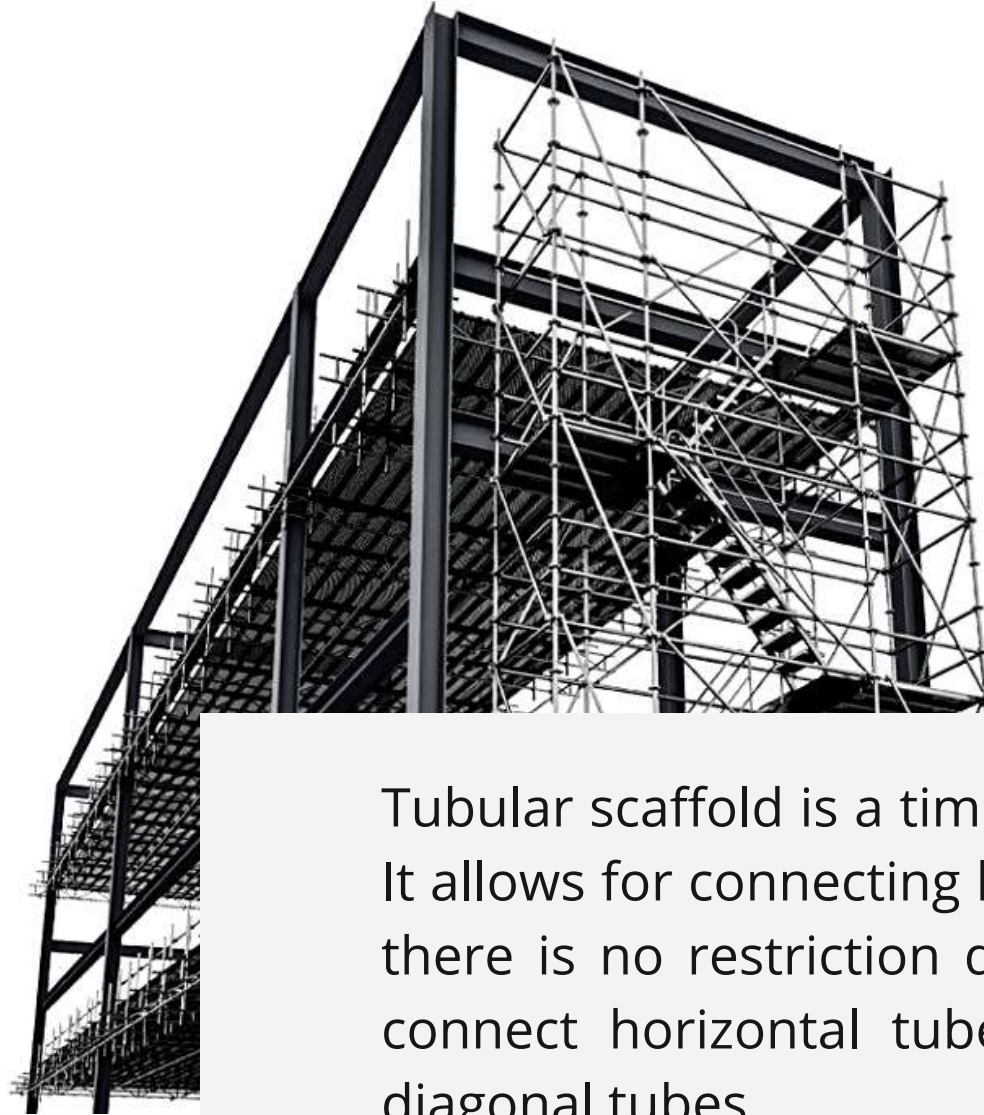

Cup-lock Scaffolding is a temporary structure used to support a slab, work crew and materials to aid in the construction, maintenance and repair of buildings, bridges and all other manmade structures.

Decagon's Cup-lock is a fully galvanized or painted multi-purpose steel scaffold system suitable for providing general access and supporting vertical loads.

All vertical standards and ledgers tubes are 48.3mm diameter with 3.20 or 3.00 mm thickness.

TUBULAR SYSTEM

Tubular scaffold is a time and labor intensive system, but it offers unlimited versatility. It allows for connecting horizontal tubes to the vertical tubes at any interval, as long as there is no restriction due to engineering rules and regulations. Right angle clamps connect horizontal tubes to the vertical tubes. Swivel clamps are used to attach diagonal tubes
