Company Infrastructure

Date of Establishment	August 2002
Total Area of Office Premises	2000 sq. ft
Total Area of Factory Premises	100000 sq. ft
Total Area of Stores	10000 sq. ft

DETAILS OF PERMANENT WORK FORCE

Engineers	8
Foremen	6
Skilled Workers	15
Semi-skilled Workers	30
Contract Workers	30

Fields of Operation

- ❖ Black utilities for food, pharma and process industries
 - Complete Steam system package with steam boiler, distribution network, Condensate and Hot Water Piping Works
 - Hot Oil (Thermic Oil) generator installation with piping Works
 - Hot Water generation package with skid, distribution network.
 - Air compressors installations with complete compressed Air network piping
 - Utility / Process Piping Works
 - Piping Manifolds for Heat Exchangers and Pumps
 - Chiller yard and chilled water piping networks

Fields of Operation

❖ Miscellaneous Works

- Self-Supported Chimney up to 30 meters Height
- SS tanks and fabrications.
- Stainless Steel Ducting
- SS air receiver tanks
- Heat exchanger skids
- MS / SS platforms
- Nitrogen piping

Process Industry Clients

IFFCO GROUP OF COMPANIES

Established in 1975, IFFCO is a United Arab Emirates based business house, which manufactures and markets a well-integrated range of consumer products.

Our Clientele under IFFCO group include:

- **Emirates Refining Company (ERCO)**
- **UNIPLEX Dairy Products**
- **EMPOL Ltd. L.L.C**
- **Al Ain National Juice**
- **Seville Products**
- **International Packaging Company (IPC)**

Process Industry Clients

AUJAN Industries Co. L.L.C

Aujan was established in 1905 and is the largest privately-owned, independent soft drink and confectionery marketer, manufacturer and direct distributor in the Middle East brands.

Our Jobs @ Aujan Industries

- Steam Generation and Distribution
- Working Platforms
- SS Hood / Duct Works

Process Industry Clients

Nestlé

Nestle

Nestlé Middle East sells brands such as Nido, Kit Kat, Quality Street, Nescafé and Maggi.

Our Jobs @ Nestle

- SS 316 Clean Room Ducts
- Steam Generation and Distribution
- Compressed Air Network
- SS Food Grade Products Piping (BUHLER)
- Hot Water Distribution

Process Industry Clients

MARS GCC FZE

MARS primarily engages in shelling, roasting, and grinding cocoa beans, and making chocolate cocoa products and chocolate confectionaries.

Our Jobs @ MARS

- Steam Generation and Distribution
- Compressed Air Network
- Hot Water Distribution

Process Industry Clients

2023 : PERFECT FOODS – DUBAI

Installation of complete utility system to the plant like generation of steam and condensate to the plant.

Installation of thermal oil heating system with heaters and piping network to the plant

Hydraulic piping

Working platform and skids

Pharmaceutical Industry Clients

JULPHAR

Julphar is the largest pharmaceutical and drug manufacturing company in the Middle East Region.

2003 : JULPHAR – I (Solid dosage form) :

Steam system, chilled water system & compressed air system

2007 : JULPHAR - VIII & IX (Injectible facility)

Installation of HVAC system, chillers, boilers, air compressors and associated piping networks to the plant.

2010 : JULPHAR – X (Ointment & Cream)

Installation of HVAC system, chillers, boilers, air compressors and associated piping networks to the plant

2012 : JULPHAR – XI (Insulin Plant)

Complete steel structure for the technical corridors of the plant.

Supply and installation of all black utility network for the factory

- including HVAC, Steam , Condensate, Compressed air, process
- chilled water etc.

Pharmaceutical Industry Clients

2011 : GULF INJECT (IV solution plant)) :

Steam system C/W distribution, chilled water system distribution & compressed air network system

2019 : GULF INJECT (Expansion):

Chilled water system with buffer tank & PUW system

2023 : New production line

Steam system expansion, chilled water new generation system with distribution & compressed air network expansion.

Clean utilities and production lines

Pharmaceutical Industry Clients

WELLPHARMA MEDICAL SOLUTIONS – ABUDHABI (2012)

Generation and distribution of complete steam networks with condensate return system.

Generation and distribution of hot water network

Generation and distribution of compressed air network

Chilled water network to the plant HVAC system

Process Chilled water system network with buffer tank

Pharmaceutical Industry Clients

JULPHAR – ETHIOPIA 2014

Generation and distribution of complete steam networks with condensate return system.

Generation and distribution of hot water network

Generation and distribution of compressed air network

Chilled water network to the plant HVAC system

Installation of clean room panels

Pharmaceutical Industry Clients

Julphar

الخليج للصناعات الدوائية
Gulf Pharmaceutical Industries

JULPHAR – KSA 2015

Generation and distribution of complete steam networks with condensate return system.

Generation and distribution of hot water network

Generation and distribution of compressed air network

Chilled water network to the plant HVAC system

Process chilled water network

Pharmaceutical Industry Clients

PHARMAX PHARMACEUTICALS – DUBAI 2016

Generation and distribution of complete hot water network.

Generation and distribution of compressed air network

Generation and distribution of purified water and network

Chilled water network to the plant HVAC system

Process chilled water network

Pharmaceutical Industry Clients

HAYAT BIOTECH – ABUDHABI 2023

Generation and distribution of black utilities networks

Steam and condensate
Compressed air
Hot water

Dairy Industry Clients

2019 : MARMUM DAIRY – ABU DHABI
Steam system to the plant

2020 : MAZOOON DAIRY - OMAN
Installation of complete utility system to the
plant like steam, condensate, chiller water,
soft water and compressed air associated
piping networks to the plant

Dairy Industry Clients

- 2016 - 2018 : AL MARAI - KSA
- Full boiler houseplant for AL KHARJ dairy
- Full boiler house for Western Bakery plant

- 2015 – CAMELICIOUS - DUBAI
- Steam generation and distribution to the milk processing plant
- 2021 – CAMELICIOUS - DUBAI
- Steam generation and distribution to the powder milk processing plant

Dairy Industry Clients

مزارع العين

Al Ain Farms

- 2021 : AL AIN DAIRY – AL AIN
- Revamping of Utility piping system to the plant

- 2021 : NATIONAL DAIRY (HAYATNA) – AL AIN
- Installation of complete utility system to the plant like steam, condensate, chiller water, soft water and compressed air associated piping networks to the plant.

Dairy Industry Cleints

2022 : NUTRIDOR (ABEVIA MILK)

Installation of complete utility system to the plant like steam, condensate, chiller water, soft water and compressed air associated piping networks to the plant..

Hospital Projects

2015 : UNIVERSITY HOSPITAL - BAHRAIN
Generation and distribution of Plant steam to laundry , hot water generation and clean Steam system to the hospital

2017 : CORNICHE HOSPITAL - ABUDHABI
Revamping of Steam system to the hospital

2018 : CLEMENCEAU MEDICAL CENTER
Steam system to the hospital

Hospital Projects

United Arab Emirates

2020 : FUJAIRAH KHALIFA HOSPITAL

Generation and distribution of Plant steam and clean Steam system to the hospital

2021 : BAHRAIN CARDIAC HOSPITAL

Generation and distribution of Plant steam system to the hospital

Generation and distribution of Clean steam system to the hospital

Generation hot water system to the hospital

Hospital Projects

مستشفى دمان
Dhaman Hospital

2022 : HAHC HOSPITAL - KUWAIT

Generation and distribution Plant steam to laundry , hot water generation and clean Steam system to the hospital

Generation and distribution clean Steam system to the hospital

KINGDOM OF BAHRAIN
Ministry of Health

2022 : MUHARRAQ HOSPITAL - BAHRAIN

Plant steam system to the hospital

HVAC – Chiller yard

HVAC - Piping

Steam Boilers

Compressor room piping

Black Utility Piping

Our Valuable Clientele

- Emirates Flight Catering
- Emirates Refining Co. Ltd - Sharjah
- Empol - Intergulf sharjah
- ERCO - Sharjah
- Faisal Jassim Trading – Dubai
- Falcon Technologies - DVD plant
- Union Paper Mills – Dubai
- Global pharma – Dubai
- Golden Sands – Dubai
- Canadian Cartoon – RAK
- Universal Cartoons - RAK

Our Valuable Clientele

- Holiday Inn - Salalah (OMAN)
- Grosvenor Hotel – Dubai
- Address Hotels – Dubai
- Armani Hotel – Dubai
- IHG – Dubai Festive City
- Imperbit Membrane Industries - Jebel Ali
- International Dairy - Al Ain
- Intercontinental Leaf Tobacco plant - Jebel Ali
- Mega Carpets – Jabel Ali
- Quest Vitamins – Jabel ali
- Royal Miramar Resort – Fujairah and many more

WHY AL MAHA?

- Long experience of working in Industrial field of various process industries.
- High level of co - ordination with all other contractors and European equipment suppliers to fulfill the requirements of the project smoothly.
- Sourcing of all major equipments from reputable suppliers of European origin with long history invarious process industries

WHY AL MAHA?

- Steam Accessories : Spirax Sarco – UK
- HVAC valves : Crane – UK
- Pipes and fittings : EU origin
- Pumps : GRUNDFOS / KSA – EU origin
- Calorifiers : ORMANDY - UK
- Qualified team to work in environment on high safety standards following good engineering practice during installation.
- All manpower locally available.

WHY AL MAHA?

- Fulfilling the project time schedule if required by working in multiple shifts.
- Create all necessary documents in compliance with standard guidelines.

THANK YOU

Looking forward to a mutually beneficial business relationship.....
