WELCOME TO
EUROBURN

PIONEERS IN
CIVIL & INDUSTRIAL
HEATING INDUSTRY

www.euroburn.com

WHO WE ARE ?

Pioneers in Civil and Industrial heating industry, since 1970.

Euroburn is a comprehensive provider of top notch boilers and burners, engineering support and services solutions for industrial companies and contractors throughout GCC Countries.

The one-stop supplier of combustion control equipment & spares, providing sales, competent support, comprehensive inventory and customized solution. It has become a major regional and authorized distributor of many leading burners and boilers of international makes and brands.

WHY CHOOSE US ?

At Euroburn, we have the trust that you will find us to be the ideal partner to develop a mutually profitable business relationship. Our unique service & affordable prices will let us achieve our mission to be the leader of the market.

- ✦ Superior Service
- ✦ Innovative Solutions
- ✦ ISO Certification
- ✦ Broad product Range
- ✦ Cost Effective

BOILERS & BURNERS

Euroburn are experts in Manufacturing of civil and industrial boilers of various capacity, typology and customizing them to fit the needs of customers.

We manufacture and provide support to diverse kinds of boilers that include hot water boilers, steam boilers, superheated water boilers, diathermic oil heaters, etc. These boilers are used in the heating plants and the industrial field.

Our boilers are technologically advanced, good quality and tested reliable both in the design and production.

- ★ Heating Boilers
- ★ Steam Boilers
- ★ Super Heated Water
- ★ Diathermic Oil

SupeRAC

Heating boiler from 94 to 1.065Kw

SuperRac-AR

Heating boiler "High Efficiency" From 81 to 3.610Kw

SB/V

Steam Boiler From 2.000 to 10.000 Kg/h
Three real smoke passes-pressure 11,8 bar/14,7 bar

Trispace AR

High Efficiency-Narrow version-
Three smoke passes-LowNOx
Heating boiler "High Efficiency" from
60 to 800Kw

Trispace-2F

Narrow version with double furnace-
Three smoke passes- Low NOx
Heating boiler from 209,6 to 792,2Kw

ODE/C

Diathermic oil boiler from
116 to 5.815Kw
Horizontal version

BLP

Steam boiler from 140 to 5.000kg/h
pressure 12bar

BHP-ECO

Steam boiler with economizer from
530 to 5.300kg/h
Pressure 11,8bar/14,7bar

Trinox

Three smoke passes-LowNOx
Heating boiler from 1.165 to 10.560Kw

- ★ Light oil burners
- ★ Neutral & LPG gas burners
- ★ Heavy oil burners
- ★ Dual full burners
- ★ Industrial Burners

Euroburn's full line of industrial burners and combustion equipment includes gas burners, gas valves, oil burners, shut off valves, low NOx burners and flow control valves. All of the combustion systems and equipment are designed and engineered with the customer's needs in mind.

We manufacture burners that are suitable for industrial, commercial and medical applications.

Power Range: From 23Kw to 50,000Kw.

Mod. G 2 F MAXI

Light Oil Burners

Mod. FGP 70/2 TL

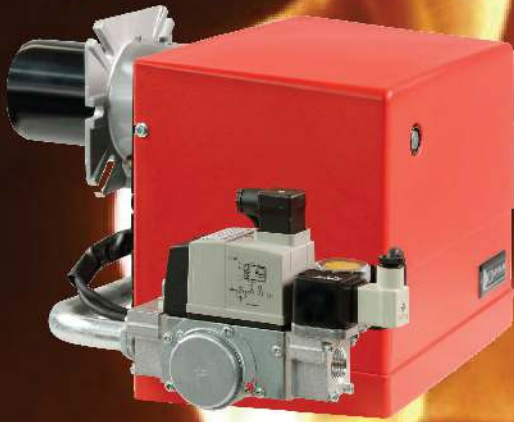

Light Oil Burners

Mod. FNDP 150/2 TL

Heavy Oil Burners

Mod. GAS X2 CE F

LPG & Gas Burners

Mod. GAS X2 CE TC

LPG & Gas Burners

Serie KN

Dual Full Burners

Serie K

Dual Full Burners

WHY CHOOSE US ?

Experience:

Experienced in a range of heating and engineering services.

Expertise :

Inside-out knowledge of technical and installation requirements.

Informative service:

We give you all the information you need, including the installation and operating costs, for your heating solutions. That way you make

Commitment to customer satisfaction :

We're dedicated to providing excellent customer service backed-up by technical expertise and the use of top-quality materials in all our installations.

Flexibility:

Flexible in design and can offer alternative proposals tailored to meet your boiler or burner needs.

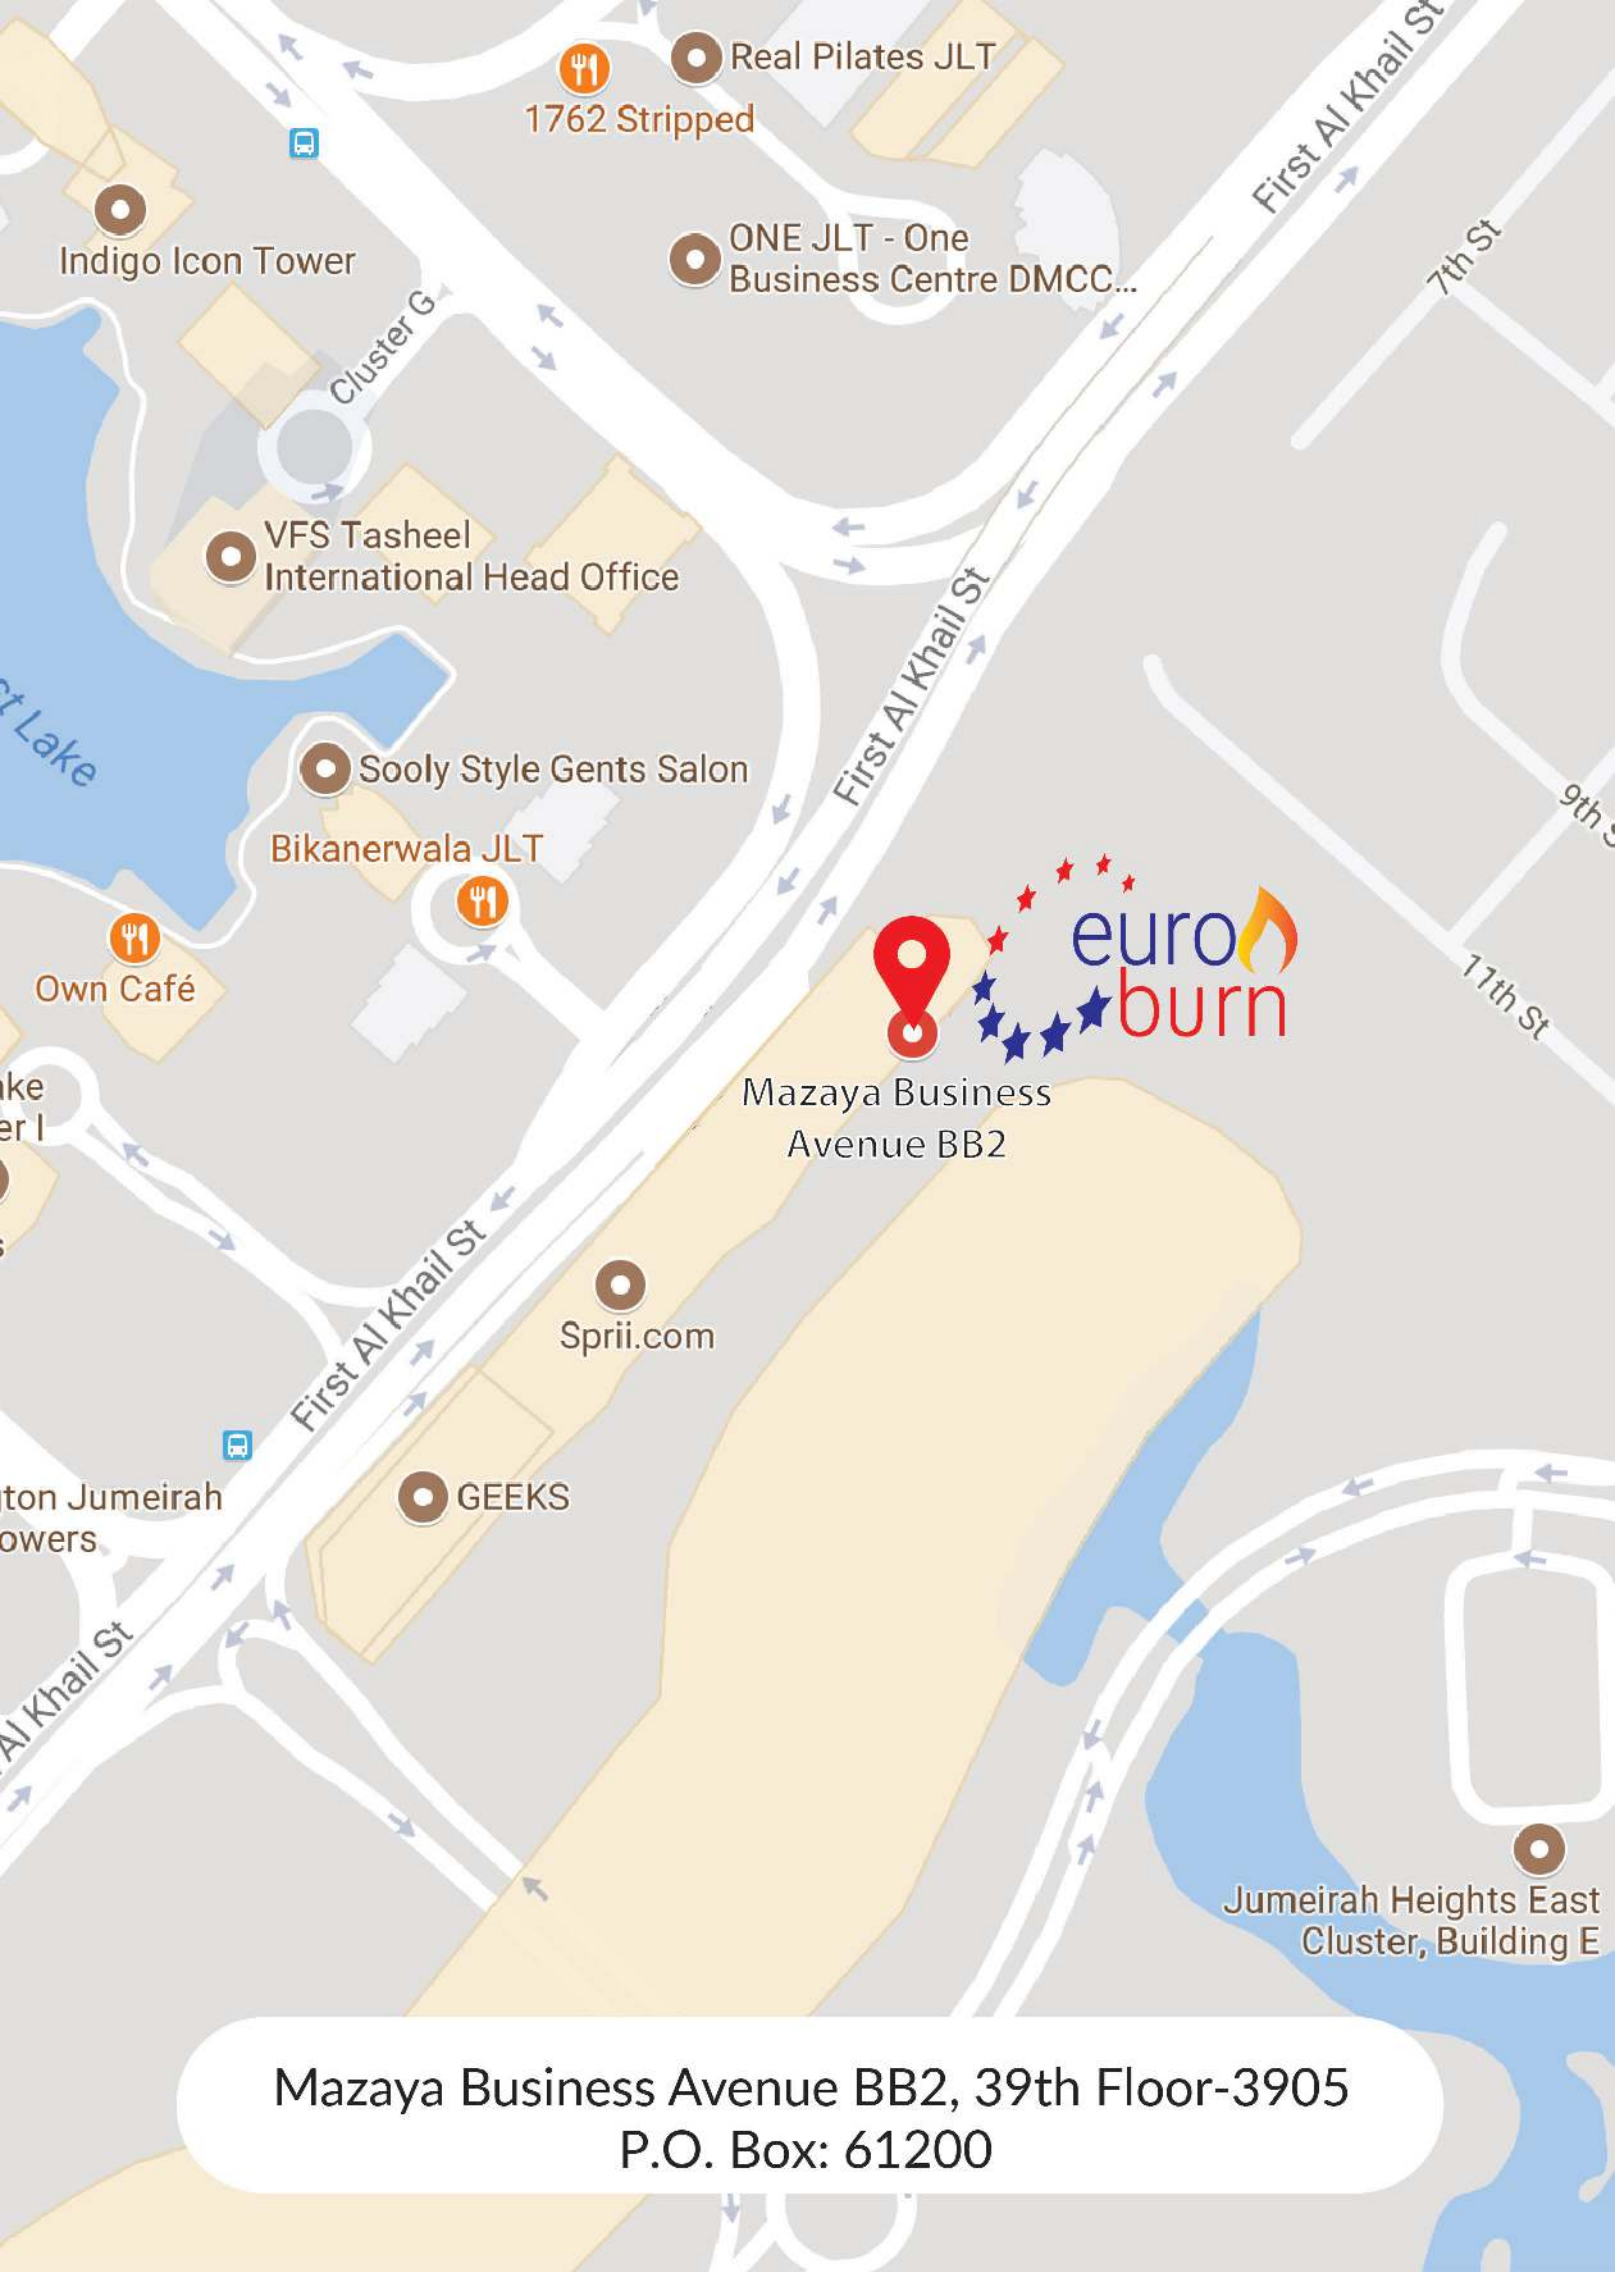

Guarantee :

All our boiler and burner installations include a guaranteed efficient, reliable backup service.

Maintenance:

We provide boiler and Burner Maintenance in all types of property on either a contractual or annual basis.
